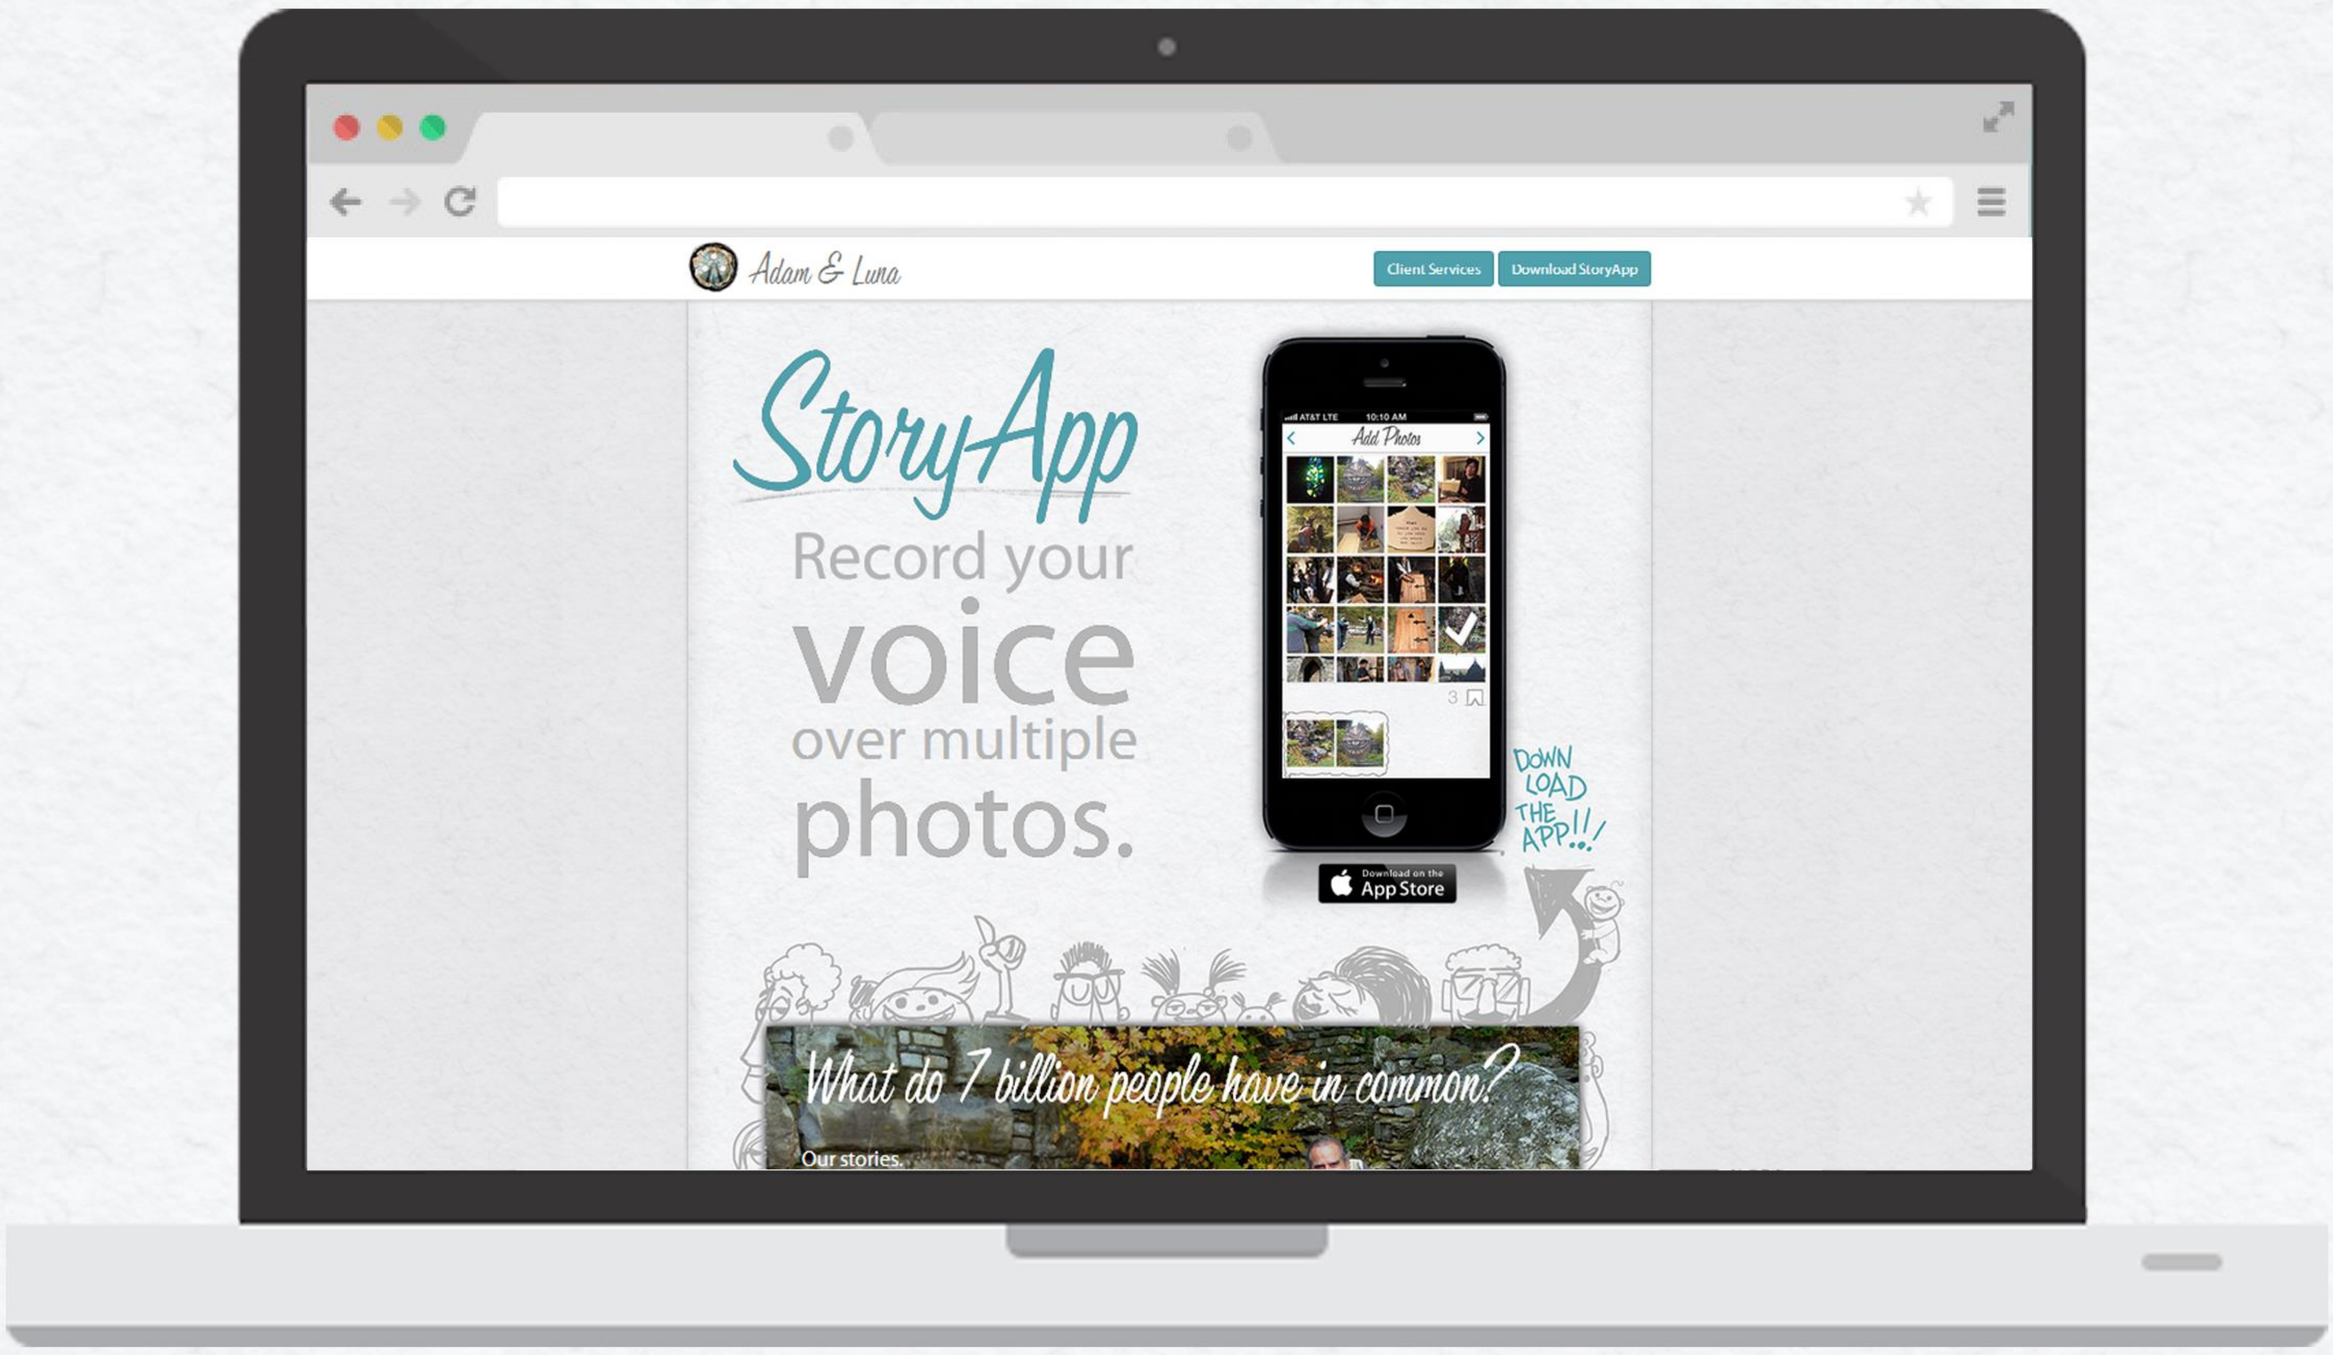
## Website Transformed into Art

Every company is unique and has a special story. Which is why we built a site to speak not just to your mind, but also to your heart.



- Advanced Engineering
- Mobile Responsive
- Design
- Custom Illustrations
- Animation

# Telepharm.com

## Responsive Design

A design shifts and changes based on the device, wether it is a phone, tablet or desktop computer.

- Advanced Engineering

# MarcusBoxerman.com

## Easy to Understand Content

Information architecture and copywriting are our specialties. Many sites tend to be overloaded with information, which can cause anxiety. Our goal is to reduce it.

- Mobile Responsive
- Design
- Custom Illustrations

SuperKindGroup.com

## Minimalist Design

With only one second to capture a visitor's attention, we combine a minimalist approach with customized art to keep visitors clicking.

# StoryApp

## Social Network

Combined social networking, storytelling and illustration to produce an app that records your voice over photos and transforms it to a video of your story
