What do 7 billion people have in common?

Our stories.
From the prince to the pauper, Mickey Mouse to Abraham Lincoln, we all have a story worth traveling for.

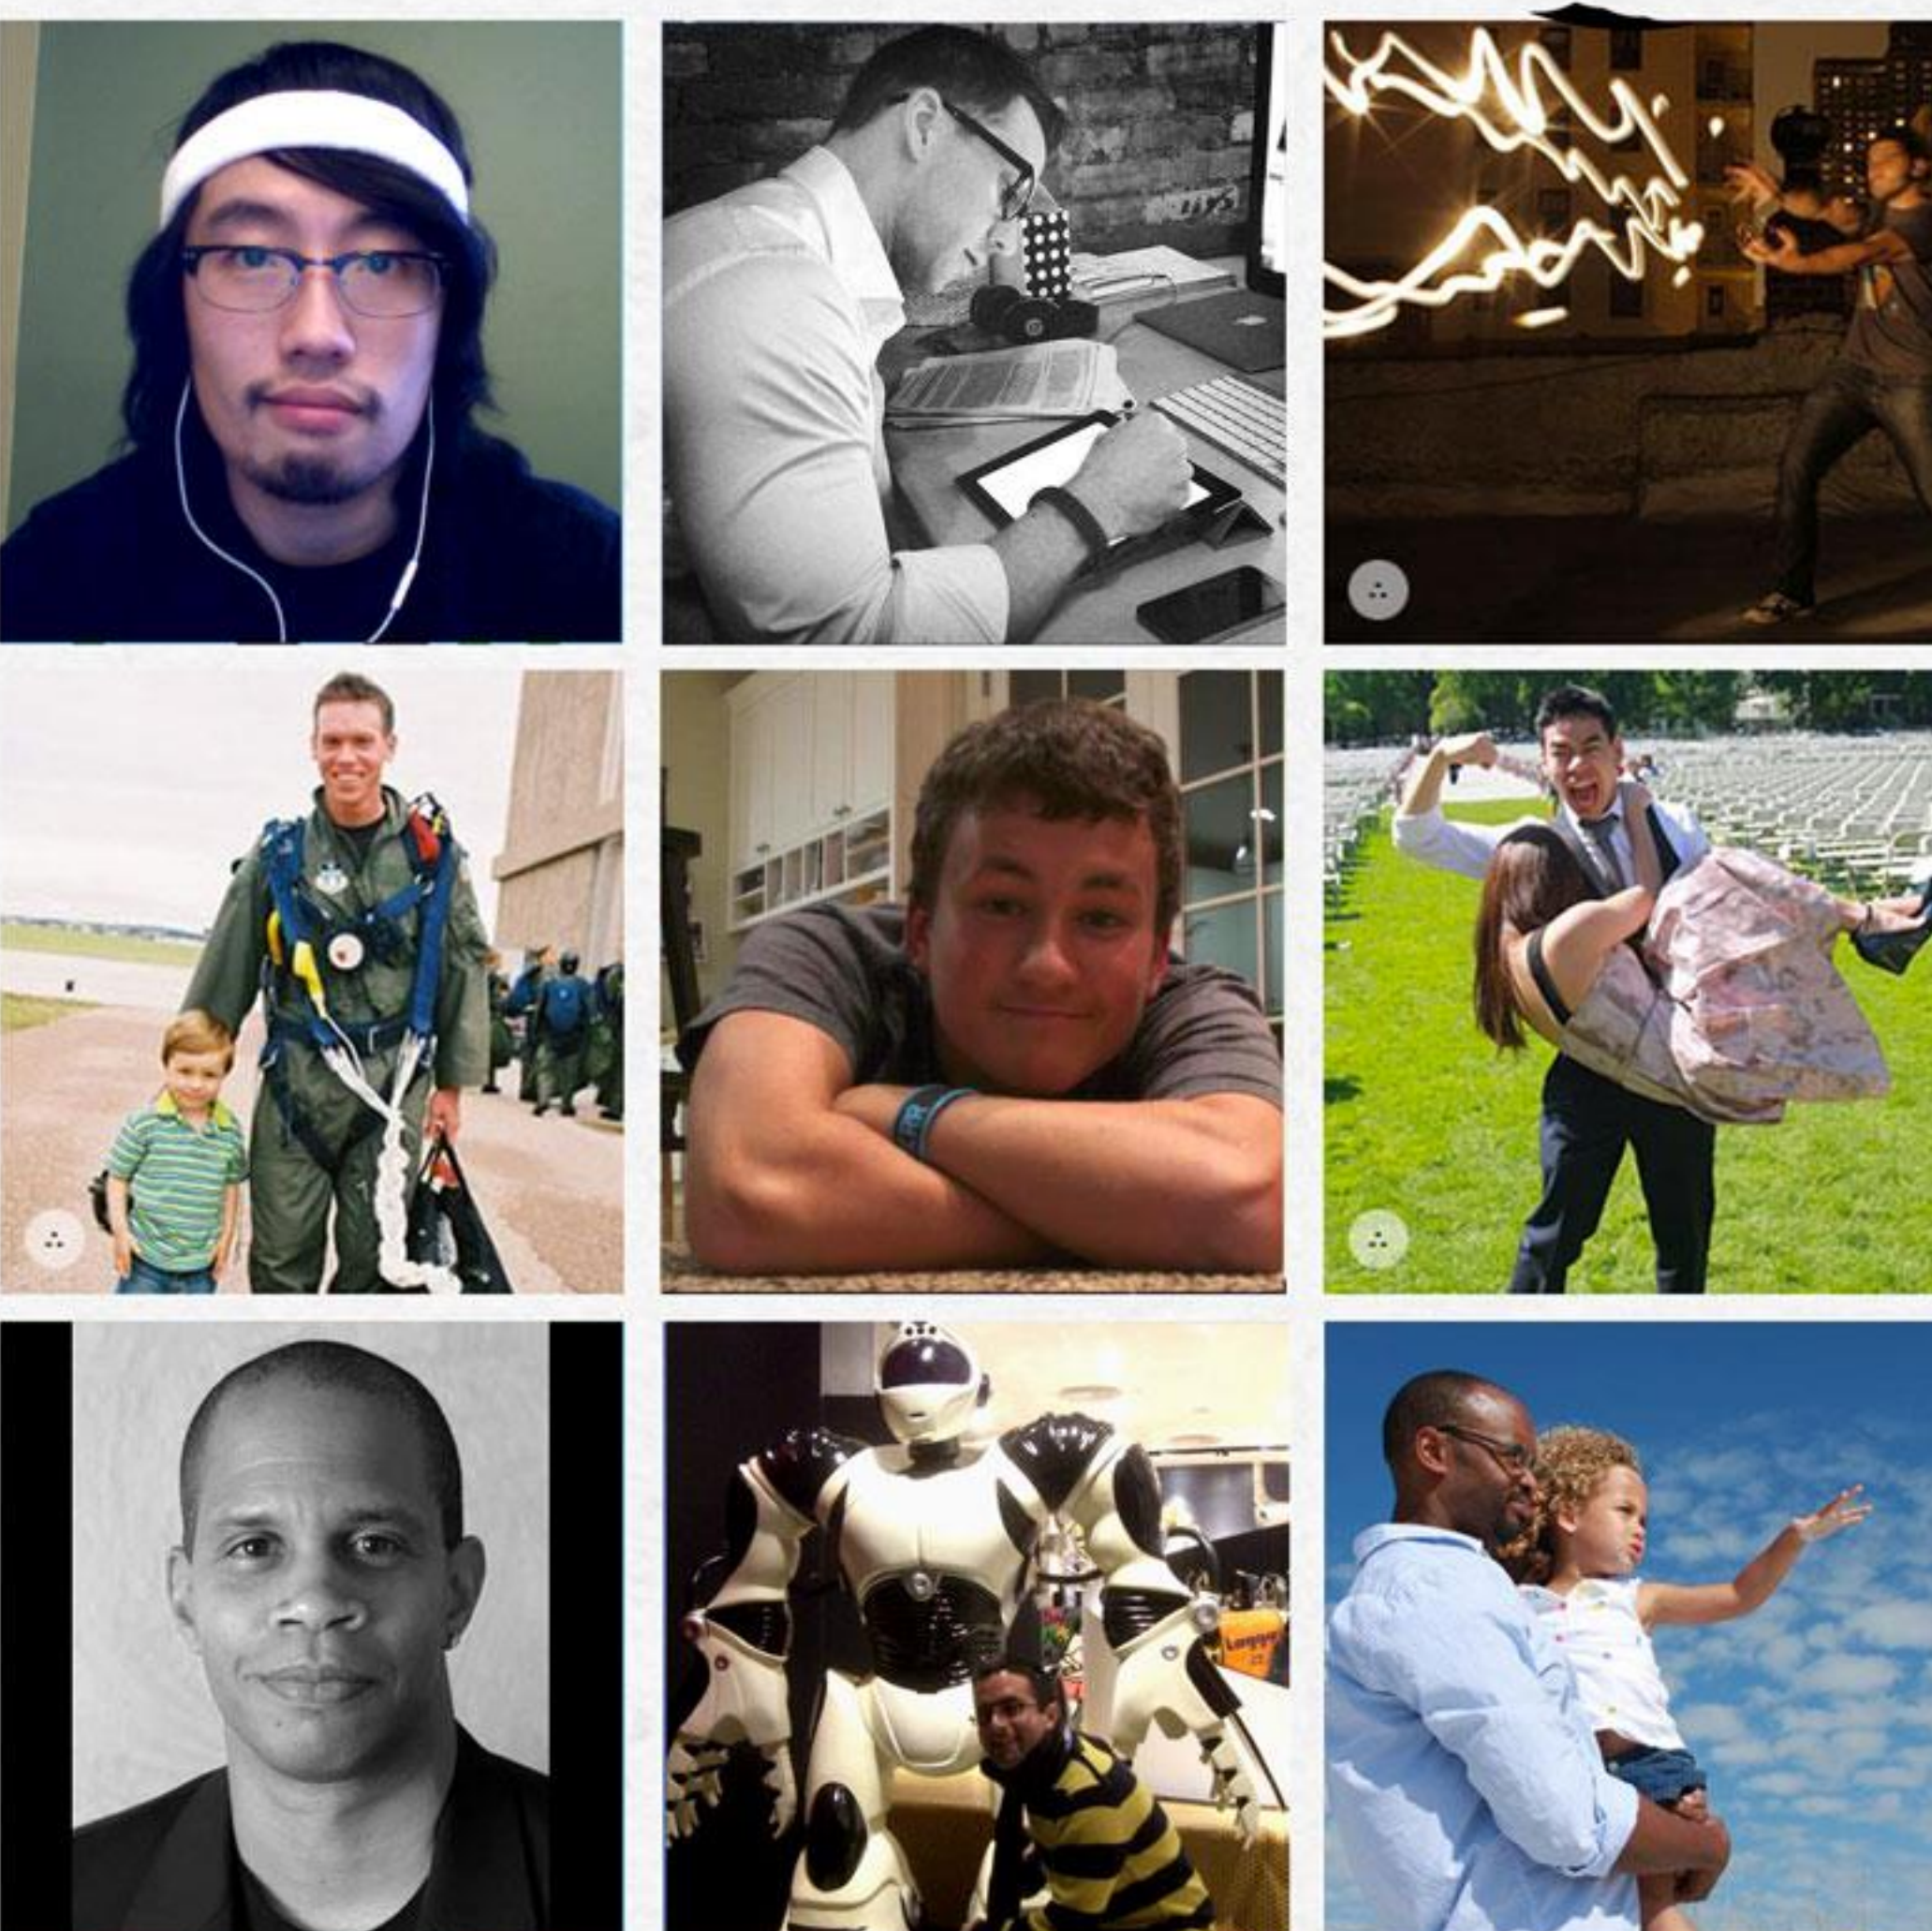

But we can't cross continents by walking alone. That's why we brought together a family of artists and engineers to build StoryApp, giving every human being a voice and equal ground to wish upon a star, remember a weekend, or laugh out loud.

Take a fresh look through your camera roll.
You have a story.

Human stories that inspire us.

The Adam & Luna family.

Share stories. Make friends.
